Information about the National Health Insurance Premium

国民健康保険税の納税通知

書・保険証の更新

Notification of the amounts to be paid for the National Health Insurance premium for the financial year 2015-2016 will be sent by post to the head of each household around the middle of July.

Please be aware that responsibility for the payment of the premium rests with the head of each household. The National Health Insurance premium is paid on a household basis. Even if the head of the household is not personally enrolled in the National Health Insurance scheme, if there are members of the household who are enrolled, it is the responsibility of the head of the household to ensure that the tax is paid.

National Health Insurance payments are made each month from July to February of the following year. In other words, one year's premium is divided into eight payments. The amount payable is calculated based on the previous year's income of the person/people enrolled. The payments can be made in a range of ways.

If a household's income over the previous year has fallen beneath a certain level, then, based on the level of income, it is possible to receive reductions of the National Health Insurance premium. However, if a member of the household who is enrolled in the National Health Insurance scheme has not declared their income, these reductions will not be applied. It is necessary to declare your income even if you have no income, or if you are a dependent. Also, if you have become unemployed, then you may be able to apply for a separate reduction of the premium. Certain criteria need to be fulfilled in order to be able to apply for this reduction; please contact the National Health Insurance and Pension Division (Kokuho Nenkin-ka, 国保年金課) for details. In addition, if you are having difficulties paying the National Health Insurance premium, because of special circumstances such as having suffered from a natural disaster, having lost your job, etc., then you may be eligible to pay a reduced premium, or be exempted from payment. Please contact the National Health Insurance and Pension Division for details.

Also, all types of Health Insurance Certificates (hoken-sho, 保険証) will be renewed. The new certificates will be sent out towards the end of July (in a peach-colored envelope), and will be valid from August 1st. The color of the card for this financial year is peach. For those aged between 70 and 75, the percentage of medical fees payable by the individual will be shown on the card. This percentage is determined based on income from January to December 2014.

If (by July 31st) you become ineligible to be enrolled in the National Health Insurance Scheme, because of losing your job, etc., and it is necessary to withdraw from the scheme, you will need to complete formalities for this. Please return your current (green) health insurance certificate, and the peach certificate valid from August 1st, to the National Health Insurance and Pension Division, or to a Branch Office or Sub-branch Office of the City Office. When completing formalities for withdrawing from the scheme, you will need to show an insurance certificate for the insurance scheme you have enrolled into in place of the National Health Insurance Scheme. You will also need to show certificates for any members of your household who are supported by you. Copies of these certificates are acceptable.
