Coming-of-Age Ceremony (Hatachi no Tsudoi) : 二十歳のつどい

The Hatachi no Tsudoi, otherwise known as the 'Coming-of-Age Ceremony', is an annual event held on the second Monday of January to celebrate young people who have become adults.

Although Japan lowered the legal age of adulthood from 20 to 18 on April 1, 2022, Higashihiroshima City will continue to hold the ceremony for those who turn 20 during the relevant fiscal year, following past practice.

During the ceremony, new adults from the region are invited to a large venue, where they receive commemorative gifts and congratulatory messages from the mayor. A representative of the new adults may also give a pledge expressing their commitment upon entering adulthood.

Attire for the ceremony is free of choice. Many women wear furisode (a formal long-sleeved kimono), while men typically wear suits in calm colors such as navy, black, or gray. Some participants wear traditional clothing from their home countries.

The event will be held on Monday January 12, 2026 (a National Holiday), in two sessions:

Session 1: 11:00-11:30 (Doors open 10:15, reception closes 10:45)

Session 2: 14:00-14:30 (Doors open 13:00, reception closes 13:45)

It will take place at Higashihiroshima Arts & Culture Hall Kurara, in the Main Hall.

Individuals born between April 2, 2005 and April 1, 2006 are eligible to attend. You may participate even if you are not registered as a resident of the city.

Notice to Participants: invitation postcards (entry tickets) were sent on August 22, 2025. Those who do not have the postcard should present an ID document (such as a residence card) at the reception on the day.

Night-time and holiday hospitals

- 夜間休日当番医

• **Night-time and holiday duty hospitals:** Full information about night-time and holiday duty hospitals within Higashihiroshima City is published in the Japanese-language version of the monthly city newsletter 'Higashihiroshima' (the page inside the back cover; only in Japanese), and on the Higashihiroshima City website (in Japanese and English). The information is subject to change at short notice, so before going to a medical facility, please be sure to call to confirm details.

Recently, there are more and more patients using emergency medical facilities at night and on holidays even though their situation is not serious. In some cases, these patients have prevented or delayed the treatment of patients with truly serious illnesses, and additionally, such cases are one of the reasons for doctors becoming overworked. Emergency medical facilities open at night and on holidays are for patients with serious, emergency conditions. Please try to visit the medical facility you use normally, during opening hours on weekdays.

• **Emergency medical treatment for children:** Please call the advice line on #8000 (if you cannot get through on this number, please call 082-505-1399). The service is available every day between 19:00 and 8:00 the following morning. You can obtain information about whether or not you should take your child to a medical facility outside of normal opening hours (at nights, on weekends or holidays, etc.).

• **If you have a medical problem at night or on weekends, and you are unsure about whether or not you should go to a medical facility:** Please call the Hiroshima area emergency consultation center on #7119. The service is free, and is available 24 hours a day, 365 days a year. The staff will be able to give you advice on whether to rest at home and see how symptoms develop, or whether you should go to a medical facility. If necessary, they can give you information about which facility to go to, or they can connect you directly to the 119 emergency service. In an emergency, do not hesitate to phone 119.
