

令和7年第4回東広島市議会定例会
提出議案添付資料

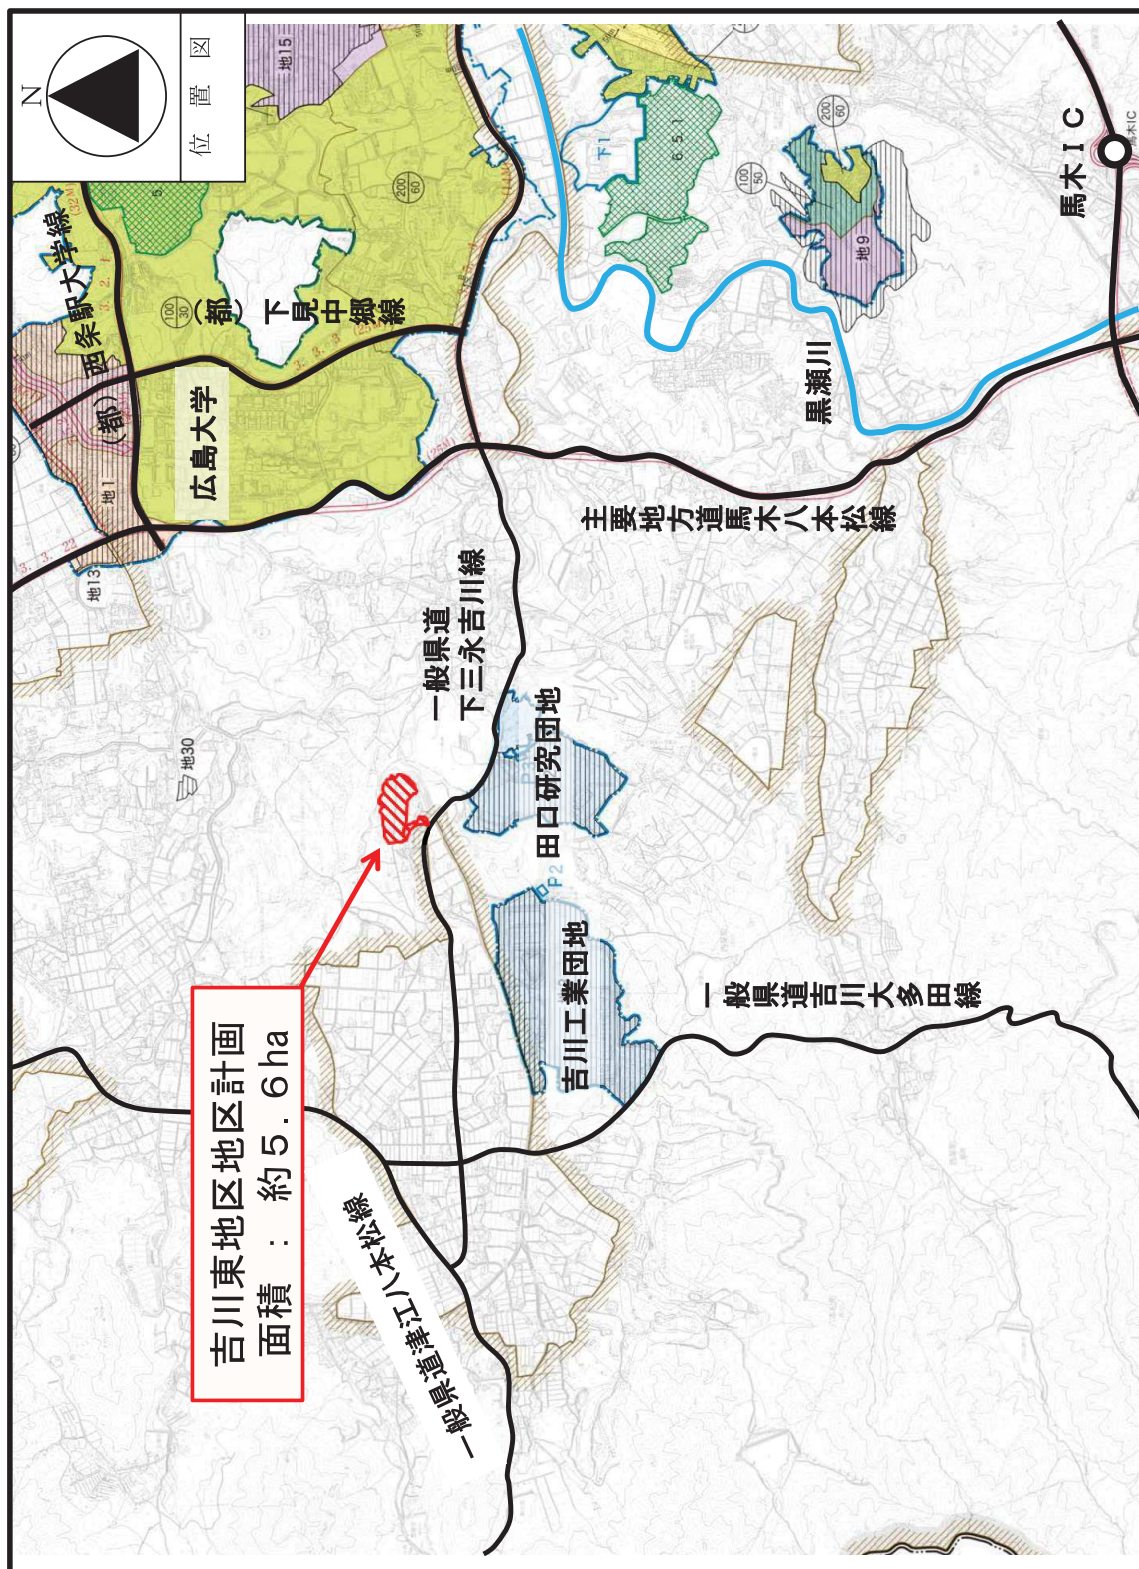

資料	1	議案第123号……………	1
資料	2	議案第142号……………	2

This is a detailed topographic map of the Yamanashi Prefecture area, specifically the region around the Yamanashi River. The map features contour lines indicating elevation, with markers such as 250, 300, and 350 meters. Key locations are labeled in Japanese, including 八本松西 (Yamanashi River, Yamanashi Prefecture), 八本松東 (Yamanashi River, Yamanashi Prefecture), and 八本松南 (Yamanashi River, Yamanashi Prefecture). A red circle highlights a specific location near the Yamanashi River, labeled '八本松南 (一)'. The map also shows the Yamanashi River flowing through the area, and various other geographical features like hills and valleys.

This topographic map illustrates the proposed pedestrian bridge and rainwater main line in the Hachimatsu area. The map features contour lines indicating elevation, with higher ground to the north and west. A yellow shaded region represents the '造成範囲' (Creation Range). A green line indicates the '歩道橋' (Pedestrian Bridge), crossing the '東通馬場大木松線' (Higashidōmabashi Ōmatsukun Line). A light blue line shows the '雨水幹線' (Rainwater Main Line), running parallel to the pedestrian bridge. A black line represents the '雨水幹線(既設)' (Existing Rainwater Main Line). The map also shows the locations of '八本松小学校' (Hachimatsu Elementary School) and '八本松中学校' (Hachimatsu Junior High School). Other labels include '下条磯松線' (Shimokajimatsukun Line), '区画道路5-2号' (District Road 5-2), '区画道路5-3号' (District Road 5-3), and '区画道路5-4号' (District Road 5-4).
